A warm welcome from our family at Riverside Care Centre, our supportive and homely environment for people with learning differences

Riverside Care Centre delivers person-centred care and support for people with learning difficulties, helping them to be as independent as possible. We have three separate houses, each with 8 bedrooms and a unique personality, offering tailored support in a small and homely environment

Individual, relaxed and inclusive

Our three individual houses, Catesby, Littleton and Winter, offer relaxed and inclusive residential living, each with it's own dedicated team and individual personality. With just 8 bedrooms in each house, our team are able to create special bonds with the people they support, like an extended family, helping them to live a good life.

Supporting meaningful outcomes and enhancing quality of life

*"I love it here.
Staff look after us very well."*

*"The way the staff look after me.
They're like family."*

Residents of Riverside Care Centre

Empowering achievements with tailored support

We recognise that everyone is different, which is why we have a person-centred approach to everything we do. Expert care and support is on hand if and when needed, helping people to achieve the level of independence that is right for them.

Our support workers encourage involvement from the people we support, every step of the way, empowering them to set goals and then working with them to achieve those goals. We thrive on helping people do the things they love most, from supporting a houseplant enthusiast to nurture an impressive collection, to turning one person's love of cars and motorbikes into a stunning memorabilia wall.

WE LOVE TO BE OUT AND ABOUT

The people we support love to be here, there and everywhere, and we love to be here, there and everywhere with them! Inclusivity is a big part of life at Riverside, and our very own minibus ensures access to community groups and an active social life for those who choose it. Cinema trips, days out at the zoo and discos are firm favourites throughout the year. In the summer months we venture further afield for beach days and holidays.

SKILLS FOR LIFE

At the heart of each of our three houses is an independent living skills kitchen. Here our team support and encourage people to engage in everyday tasks such as preparing meals, baking and washing up. The people we support also have the option to do their own laundry, with a dedicated utility room in each of our houses. Naturally, our team are on hand to assist with these tasks for people who require more support.

Inclusive support with bespoke facilities

Quiet countryside location near Kingswinford

In-house dedicated care team and activity coordinator

Homely environments with unique personalities

Minibus for community visits, days out and holidays!

Not forgetting the daily opportunities of independent living skills in the kitchen and laundry - a celebration of self accomplishment with our team on-hand for anyone who may need it.

Our values

We have five core values that are at the heart of everything we do

WE UNDERSTAND

We listen, we learn, we respect, and we care. Insight is fundamental to the way we shape our services and we understand that each person's care needs are different with support tailored to each individual.

WE INNOVATE

We are creative, dynamic and flexible in our service delivery. We take great pride in finding innovative ways to improve lives, using technology and the latest research to support meaningful outcomes.

WE PUT PEOPLE FIRST

We put the people we support first; they are at the heart of everything we do, ensuring their wishes and the wishes of their loved ones remain paramount. We also recognise the commitment of our support workers and promote a supportive and rewarding working environment.

WE AIM FOR EXCELLENCE

We strive for excellence across our service, through our continuous improvement, training and within our care environment. Through good teamwork, we will always aim higher, are never complacent, and lead by example.

WE ARE INCLUSIVE

We believe that each person has the right to engage with their local community, take part in passions and hobbies and achieve goals and dreams. Together we support our residents to live the life they choose and work with them to achieve their goals and aspirations.
